

Halleluja –! (to Leonard 2017)

A **F#m** **A** **F#m**
We heard there was a special song that helps us all to get along
D **E** **A** **E**
Leonard wrote it and tried to teach it to us
A **D** **E** **F#m** **D**
It goes like this, the 4th the 5th, the minor fall the major lift
E **C#** **F#m**
With gentle grace he gave us Halleluja,
D **F#m** **D** **A** **E** **A** **E**
Halleluja Halleluja Halleluja Halleluja

His faith was strong he searched for proof, that poems with tunes can raise the roof
The beauty of his stories elevates us
He ties us to the circles where, we lift our voices in the air
And from our lips proclaim OUR Hallelujas,
Halleluja Halleluja Halleluja Halleluja

Now some this year have left this plane, and we don't need to read their name
To hear their voices singing sweetly to us
There's a blaze of light in every song, and we can all still sing along
Remembering so many Hallelujas!
Halleluja Halleluja Halleluja Halleluja

(Instrumental verse)

They did their best, it was enough. They helped us feel, they helped us touch
They told the truth, they didn't come to fool us
And now it's our turn to be strong, to sing their verses and prolong
The echoes of their ardent Hallelujas!
Halleluja Halleluja Halleluja Halleluja

(Acapella – ascending with ritard at last word)

Halleluja Halleluja Halleluja Halleluja
